

ZOO LAMP

*Perhaps you already knew these delightful illuminated pets? It's possible !
The night light Blumen is the creation of Mathieu Depretz, French designer of the Blumen brand.
After a nice crowdfunding campaign, we are relaunching their production!*

CONCEPT

The night light Blumen draws in light the silhouette of animals all more cute than each other!
With its French oak wood and its light source consisting of a LED strip with very low energy consumption,
this lamp is the perfect ecological object!
